HISTORY

Georg Nolte started manufacturing polishing disks in Rheda, North Germany.

Konrad Nolte took over the company's management in Rheda.

Bedroom production started in Gernersheim.

Second operating base opened in Melle.

Introduction of the innovative Matrix 150 grid system

Opening of the NOLTE FORUM with a display area of over 7,000 sqm.

Began manufacturing living room and bedroom furniture at a small furniture factory in Delbrück.

Chipboard production was opened. By introducing assembly line technology, he revolutionised the global furniture industry worldwide.

Nolte Küchen was founded in Löhne, with around 60 members of staff.

Opening of the first chipboard recycling plant in Germany.

Expansion of the range to include Nolte SPA

Introduction of the new, design-oriented Matrix 800 carcass height

FOREWORD

NOLTE KÜCHEN

Nolte Küchen is a German family company that has been in existence for over 60 years and is now in the fourth generation. During this time, not only has the company continued to grow to become one of the most important brand manufacturers of fitted kitchens, but there have also been numerous innovations that have subsequently become the industry standard.

The experience and competence of our more than 1800 employees is a key factor in our success.

The kitchen is more than a business to us: it is our passion, and one that we cherish and develop every day anew. With our experience in international projects, we know we are the right partner for your ideas.

You can be sure we will always have the right solution for you, for any budget, room size and any design requirements. Challenge us - we look forward to your project!

RUDIGER SCHLIEKMANN,
Managing Director

MANFRED WIPPERMANN,
Managing Director

HEIKO MAIBACH,
Managing Director

A RELIABLE PARTNER

**Are you looking for a strong, reliable partner?
With Nolte Küchen you are in trusted hands.**

The Nolte Küchen brand stands for exceptional quality, diversity and service, reliability and continuity. Good is not good enough for us. We want to be better than the average. This applies to the materials we use as well as to conception, technology and design. Our management ensures that we live up to this claim with a sense of proportion and foresight.

For over 85 years, Nolte Küchen has evolved and flourished through the leadership of the Nolte family. This trend will continue in the future.

The area of the production facilities is over 113,000 m².

GERMANY'S MOST POPULAR KITCHEN BRAND – 4 TIMES WINNER

Nolte Küchen has been repeatedly awarded as Germany's most popular kitchen brand.

This is shown by a study of the German Institute for Service Quality (DISQ) which is conducted every two years on behalf of the n-tv news channel. Nolte Küchen prevailed in the overall standings against 15 other brands and was again the frontrunner.

In the product range, Nolte Küchen leaves all competitors behind. Product quality, design and brand image get a “very good” and also in the pricing Nolte Küchen achieved an above-average rating.

HOW WE SUPPORT RETAIL

Nolte FZE has over 75 showrooms in over 30 countries across the Middle East, Asia, and Africa.

These showrooms are spread over more than 60 cities, with more than 67 export countries partnering with Nolte.

Showrooms are implemented with the latest products, continuously upgrading to provide our customers with the latest innovative design options.

Our team members are provided with continuous training in design, sales and logistics.

HOW WE SUPPORT PROJECTS

65,000+

Kitchens Delivered

400+

Projects Delivered

Space Planning and Design

Understanding that each space requires unique planning is a significant element for which Nolte stands out. The fulcrum of design planning is an analysis of the customer's needs and budget. We work collaboratively with the project managers during this phase to interpret the specifications and apply the proposed budget.

Tendering

Nolte assists project managers with the submission and presentation of tenders. Interior designers collaborate with business development managers and assist in the selection process.

Product Orders and Logistics Support

When a project order is received, coordination between the team and factories in Germany begins to ensure that there is no delay in shipping while also providing logistics support.

Installation and Project Handover

The trained technical team is responsible for the installation following guidelines and specifications. Then the project is prepared for inspection and handover to the project manager.

Unique Finishes – Boutique and Unique Projects

nolte**neo**.

Clean, purist lines. Exclusive fronts and fascinating details. Colours and materials that enter a harmonious dialogue and are in balance with practical design – a nolteneo kitchen turns rooms into a statement and is the expression of every character.

UNIQUE FEATURES

The entire Nolte Küchen product range is available for nolte**neo**. Yet nolte**neo** always comes with features that set it apart. In addition, there are extended planning options and new exclusive products. nolte**neo** can look high-end and exclusive, but it doesn't have to.

MatrixArt ONE

Design-oriented handleless kitchen with only one handle recess profile.

MATRIX ZERO

for a purist look thanks to the absence of handles and handle recess profiles.

SHADOW REVEAL

A completely new contour can be created with a shadow reveal between the front and side panel.

Neo BOX

The high-quality drawer and pull-out system lets you bring modern design into the cabinet interior with a narrow side frame.

- Our range includes a variety of current front programmes.
- Exclusive fronts for the premium nolteno product line

2

INDIVIDUAL COLOR PLANNING

The mat lacquer concept with selected tones makes every kitchen a highlight.

3

MATRIX+

Matrix 750, 800, and 900 offer the right carcass height for every requirement.

4

MATRIXART

For a modern, elegant design, every kitchen can also be planned as a handle-free MatrixArt variant.

5

MATERIAL DIVERSITY

Various materials, from reproduction to real materials, customized individually to wishes and budget.

6

CARCASE

"INSIDE LIKE OUTSIDE,"

All carcasses have the same decor inside and outside, available in wood, concrete, and plain colors (at no extra cost).

7

SEALED EDGE

Decor-matching sealing edge on the front of the carcass,

8

MORE THAN KITCHENS

With Nolte LIVING, utility rooms and living areas can be planned and designed intelligently, combining storage space, design, functionality, and budget optimally.

9

ADVANCED SUSTAINABILITY STRATEGY

The principle of sustainability is firmly anchored in our corporate values and is lived daily.

THE PLUS

in possibilities

MATRIX+

by **nolte** KÜCHEN

Matrix750 – the standard carcass height for classic kitchen aesthetics

Matrix750 offers a balanced combination of storage space and ergonomic working height. The standard carcass height is suitable for a variety of kitchen styles.

Matrix800 – the design-oriented option with more storage space and versatile design possibilities

The new carcass height allows for the integration of pull-outs with a height of 400 mm and drawers with a height of 200 mm. These options not only provide better space utilization and additional storage solutions but also contribute to a modern look.

Matrix900 – the design carcass with maximum storage space

Thanks to the very small plinth in combination with the 900 mm carcass dimension, it not only provides an ideal working height with vast storage space but also introduces a new kitchen aesthetic.

THE HANDLELESS NOLTE KITCHEN

Whether sophisticated, extravagant, or homey: the MatrixArt handleless kitchen by Nolte Küchen lets you plan your kitchen in a graphic and elegant style.

The finger-pull lighting underscores the sleek, neat look with clean-cut lines. Nolte Küchen also offers lighting for the vertical profiles on handleless kitchens.

Of course, the handleless option is available **for all carcass heights.**

OPTIONS

The drawer system
in a class of its own

- Exclusive design in stainless steel look
- Future-oriented technology with prismatic bearings
- Maximum load-bearing capacity up to **80 kg**

COUNTLESS DIFFERENT STYLES

Trend, Modern, Classic,
or Country Style

As diverse and individual as people are, so too are the preferences they have when it comes to furnishing their home. This is where their tastes range from urban or timelessly classic look to the lovingly detailed country-style kitchen. Making the kitchen just as individual as the rest of the home.

Nolte Küchen offers a wealth of options to meet your customers' personal taste and expectations.

BESPOKE CUSTOMIZATION

As the undisputed market leader in both quantity and quality delivered year after year, we are keenly attuned to the unique needs of the project market. We meticulously analyze these needs to ensure that our products align seamlessly with our customers' expectations.

In our commitment to excellence, we proudly offer bespoke customization options, empowering our customers to elevate their design visions to new heights. With our flexible approach to color, material, and special size cabinet customizations, we provide the tools necessary to bring even the most ambitious designs to life.

At Nolte Küchen, we don't just meet expectations -- we exceed them, setting the standard for innovation and customer satisfaction in the industry.

Quality Made in Germany – At Home in the World

SNAPSHOTS OF SOME MEMORABLE PROJECTS

ICONIC RESIDENCES BY MERED

LOCATION: Dubai, UAE
NUMBER OF KITCHENS: 310 Kitchens

KITCHEN: neoPURE

A new symbol of Dubai's skyline. Rising above with a view of palm jumeirah and the world islands, the Iconic Residences won the dubai property awards for architecture.

It blends architectural elegance with ultra-luxury residences, sky-high amenities, and panoramic city views — each apartment designed for modern sophistication with bespoke nolteneo kitchens at the heart of the home.

ICONIC LIVING

We crafted premium kitchens that align perfectly with the sleek, contemporary design philosophy envisioned by Pininfarina. The kitchens feature clean silhouettes, innovative functionality, and high-end finishes that elevate everyday living.

Seamlessly integrated into the sophisticated interiors, these kitchens support Mered's vision of creating homes that feel truly iconic.

310

*ultra luxury
kitchens*

HARMONY VILLAS AT TILAL AL GHAF

LOCATION: Dubai, UAE
NUMBER OF KITCHENS: 1038

KITCHEN: MANHATTAN

Majid Al Futtaim is one of the UAE's top developers and we're proud to continue to work with them to create homes that have beautiful innovative design with functional practicality.

The Harmony Villas at Tilal Al Ghaf are designed to be an attractive community with 4 and 5 bedroom villas. The timeless architecture is highlighted by beautiful state-of-the art kitchens designed by Nolte Küchen.

We worked with Majid Al Futtaim to develop the spacious kitchens that create the perfect seamless transition from kitchen to living.

LIVING IN LUXURY.

Nolte Küchen designed 1038 total kitchens in our Manhattan Soft Lack finish. The kitchens are designed to match each home's open floor plan luxury aesthetic.

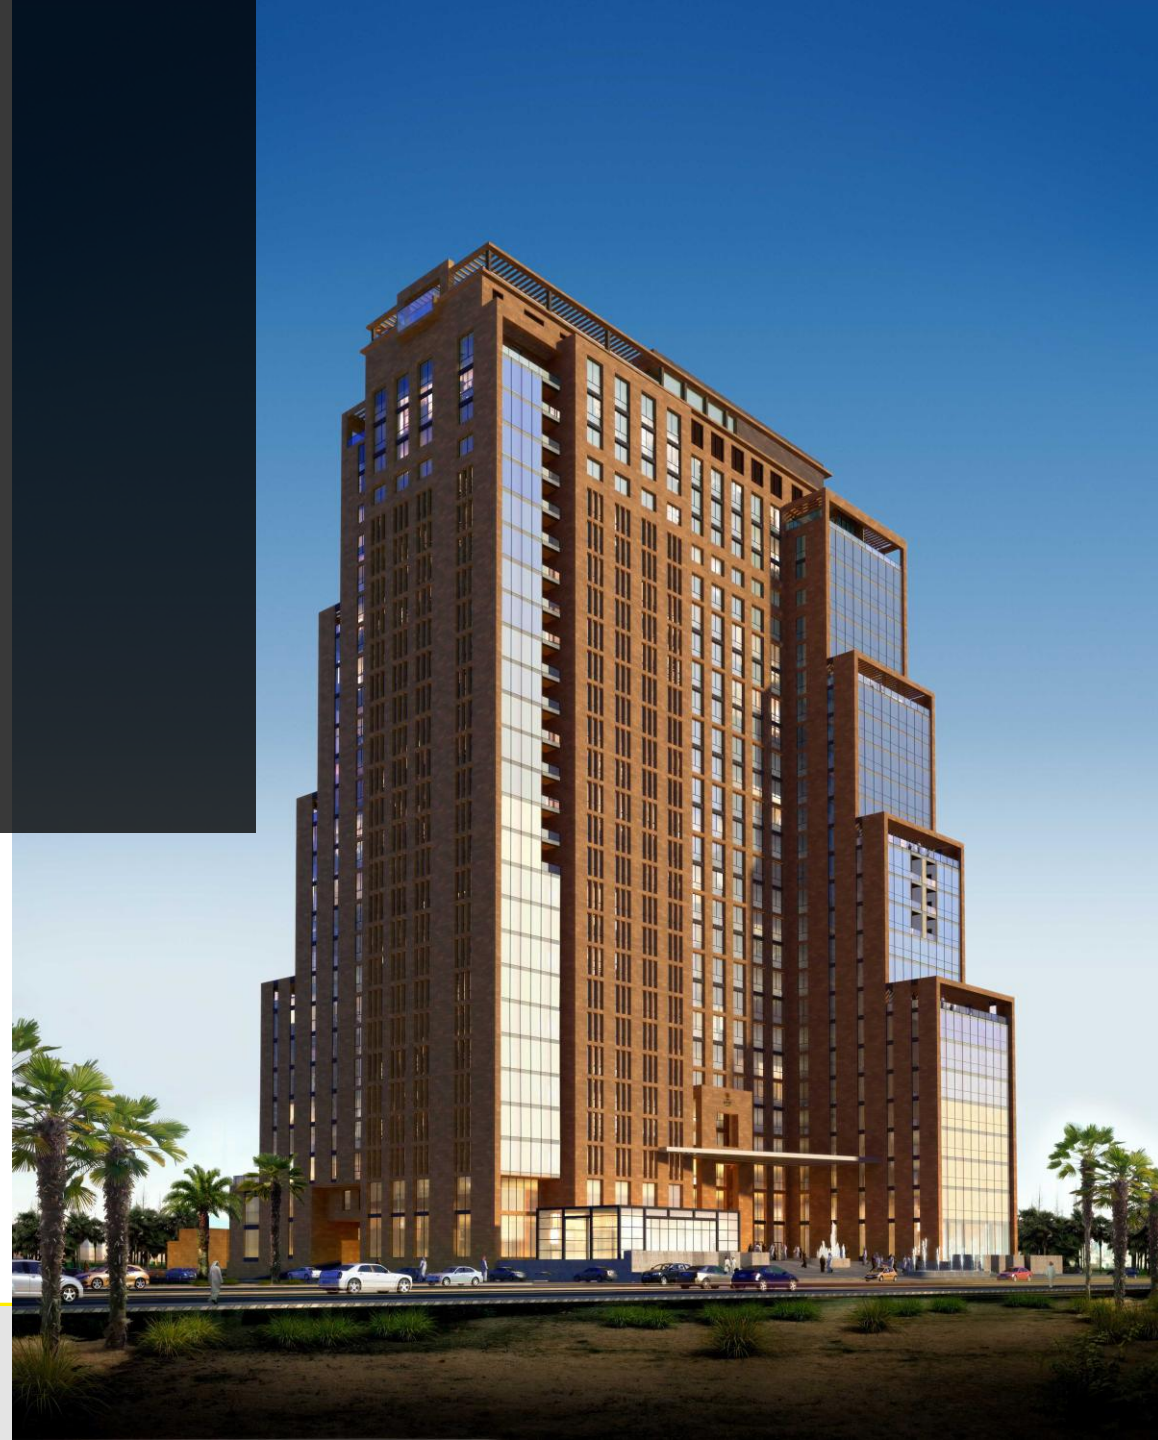

Nolte Küchen's MatrixArt handleless kitchens create a luxurious sleek design and Nolte's standard soft closing drawers furthers each kitchen's modern functionality.

1038
*stunning luxury
kitchens*

RAFAL RESIDENCE PROJECT

LOCATION: RIYADH, KSA
NUMBER OF KITCHENS: 432

KITCHEN: MANHATTAN

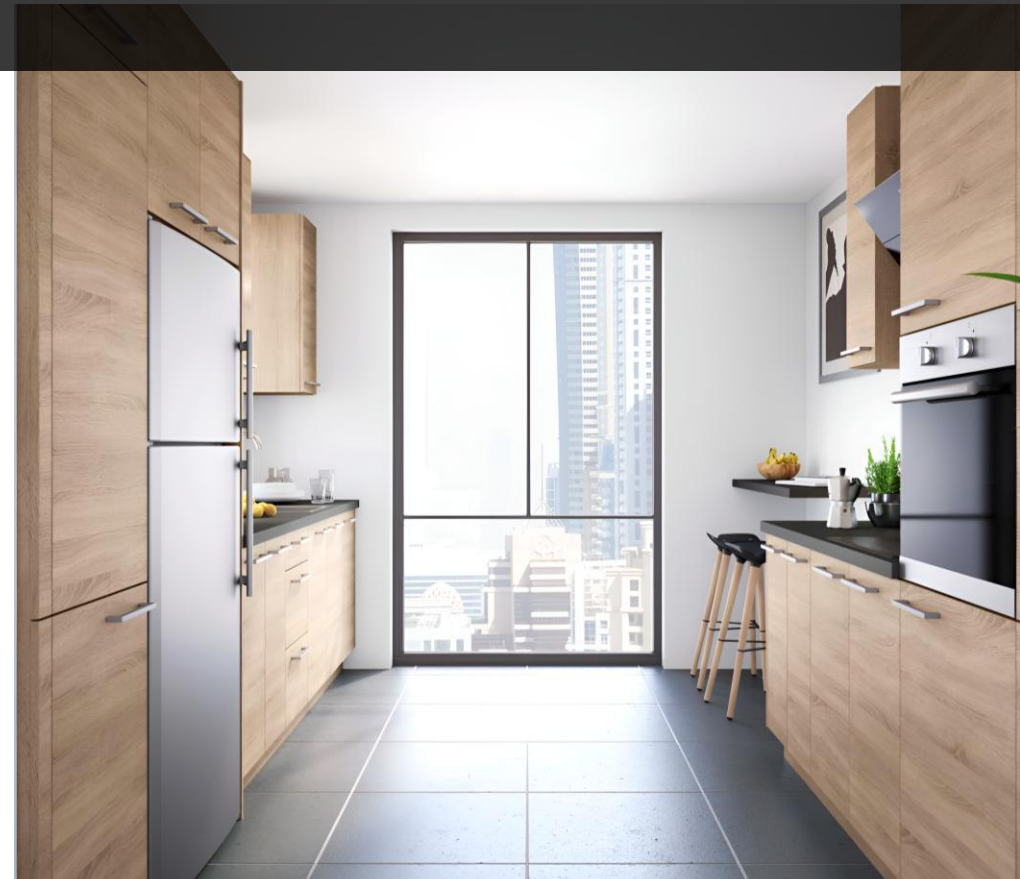

To match the fabulous views from the building complex, the front in a natural wood elect provides a lively contrast to the urban setting.

NATURALLY URBAN.

The kitchen was designed with a strong feeling for details. The creative contrast between wood and steel gives the kitchen an extremely exclusive look, while the best possible use was made of the available space - plenty of storage options.

432

*fabulous kitchen
views*

AL MOUJ

LOCATION: MUSCAT, OMAN
NUMBER OF KITCHENS: 5000+

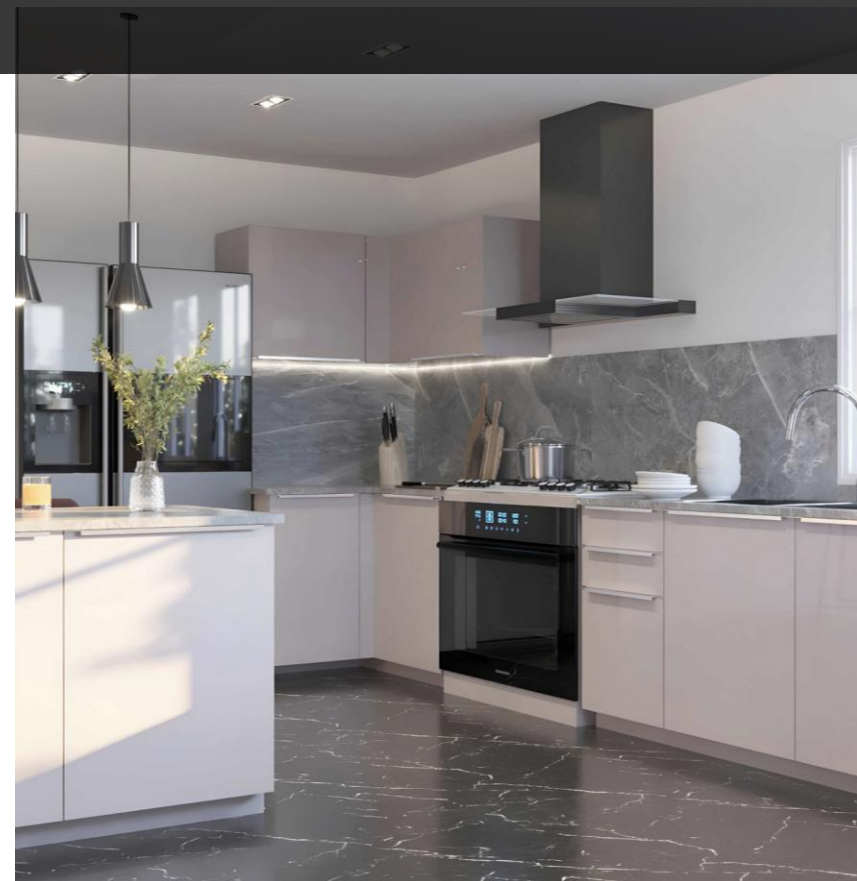

CLEVER PLANNING.

The perfectly matched warm colours give the kitchen a harmonious appeal. The counter creates a flowing transition to the living room, making it perfect for relaxing together.

KITCHEN: MANHATTAN, SIGMA LACK, NOVA LACK, SOFT LACK

A vast project with 3900 kitchens, each one of which was individually designed to suit the particular spatial concept. The spectrum of front designs ranges from lacquer to an exclusive wood elect. With its handleless design, this version is definitely the right choice for lovers of style and design.
